# Actual patient. Results may vary.

## IMPORTANT SAFETY INFORMATION

Are there any reasons why I should not receive any JUVÉDERM® injectable gel formulation?

Do not use these products if you have a history of multiple severe allergies or severe allergic reactions (anaphylaxis), or if you are allergic to lidocaine or the gram-positive bacterial proteins used in these products.

#### What precautions should my doctor advise me about?

- Tell your doctor if you are pregnant or breastfeeding. The safety of these products for use during pregnancy or while breastfeeding has not been studied
   The safety of JUVÉDERM® XC and JUVÉDERM® Ultra XC injectable gels in
- The safety of JUVEDERM® XC and JUVEDERM® Ultra XC injectable gels in patients under 18 years, and the safety of JUVÉDERM VOLUMA® XC in patients under 35 years or over 65 years has not been studied

# LILLIAN'S journey WITH THE JUVÉDERM® **COLLECTION OF FILLERS**

Natural-looking, long-lasting results

VOLUMIZE for a subtle lift in your cheek area.

## **OPTIMIZE**

your results by adding more volume for correction, as needed.

Before

Actual patient. Results may vary. Unretouched photo taken before treatment.

## What precautions should my doctor advise me about? (continued)

- Tell your doctor if you have a history of excessive scarring (eg, hypertrophic scarring and keloid formations) or pigmentation disorders, as use of these products may result in additional scars or changes in pigmentation
- Tell your doctor if you are planning other laser treatments or a chemical peel, as there is a possible risk of inflammation at the treatment site if these procedures are performed after treatment
- Patients who experience skin injury near the site of injection with these products may be at a higher risk for side effects

After 1 syringe of **JUVÉDERM VOLUMA® XC** 

Actual patient. Results may vary. Unretouched photo taken I month after treatment with JUVÉDERM VOLUMA® XC. A total of 1.0 mL of JUVÉDERM VOLUMA\* XC was injected into the cheek area.

## IMPORTANT SAFETY INFORMATION (continued)

## What precautions should my doctor advise me about? (continued)

- Tell your doctor if you are on immunosuppressive therapy used to decrease the body's immune response, as use of these products may result in an increased risk
- Tell your doctor if you are using medications that can prolong bleeding, such as aspirin, ibuprofen, or other blood thinners, as this may result in increased bruising or bleeding at the injection site
- Minimize strenuous exercise, exposure to extensive sun or heat, and alcoholic beverages within the first 24 hours following treatment

After optimal correction with **IUVÉDERM VOLUMA® XC** 

Actual patient. Results may vary. Unretouched photo taken 1 month after second treatment with JUVÉDERM VOLUMA® XC. An additional 1.7 mL was injected into the cheek area for a total of 2.7 mL.

### **IMPORTANT SAFETY INFORMATION (continued)**

#### What are possible side effects?

The most common side effects include tenderness, swelling, firmness, lumps/bumps, bruising, pain, redness, discoloration, and itching. With JUVÉDERM® XC and JUVÉDERM® Ultra XC injectable gels, most side effects are mild or moderate and last 14 days or less. For JUVÉDERM VOLUMA® XC, side effects are moderate (uncomfortable) and last 2 to 4 weeks.

One of the risks with using this product is unintentional injection into a blood vessel, and while rare, the complications can be serious and may be permanent. These complications, which have been reported for facial injections, can include vision abnormalities, blindness, stroke, temporary scabs, or permanent scarring.

Please see Important Safety Information on the back.

After smoothing lines with JUVÉDERM® XC and plumping lips with JUVÉDERM® Ultra XC

Actual patient. Results may vary. Unretouched photo taken 1 month after final treatment. A total of 2.7 mL of JUVÉDERM VOLUMA® XC was injected into the cheek area. A total of 3.5 mL of JUVÉDERM\* XC was injected into the parentheses, marionette, corner, and vertical lip lines. A total of 2.4 mL of JUVÉDERM® Ultra XC was injected into the lips.

Ready to start your own customized journey?

Ask your aesthetic specialist

- Which IUVÉDERM® product(s) are right for me?
- How can I achieve my aesthetic goals?
- How soon will I see results?
- How long will my results last?
- Are there any potential risks or side effects?

## IMPORTANT SAFETY INFORMATION (continued)

What are possible side effects? (continued)

As with all skin injection procedures, there is a risk of infection.

To report a side effect with JUVÉDERM VOLUMA® XC, JUVÉDERM® XC, or JUVÉDERM® Ultra XC, please call Allergan Product Surveillance at 1-800-624-4261.
