

NOSE CONSULTATION

LIGHTING:

Make sure you have good lighting.

POSITION:

Keep head leveled, do not face up or down.

DISTANCE:

Have someone else take pictures standing 6 feet away from your face and use zoom to zoom into the face. If taking a "selfie" make sure arms are stretched out completely.

DISTRACTIONS:

Remove any distracting jewelry. Do not cover face with hair. Tie hair back.

Red lines level the head to demonstrate that head is not turned up or down.
