LIP ENHANCEMENT

Desiring fuller, plumper lips, this 42-year-old patient sought Greenwich, CT dermatologist Lynne Haven, MD, who performed a lip enhancement using Juvéderm Volbella.

This 51-year-old patient felt her lips were thinning with age. West Palm Beach, FL dermatologist Kenneth R. Beer, MD used Restylane to smooth out her lip lines and give her lips more definition and increased volume.

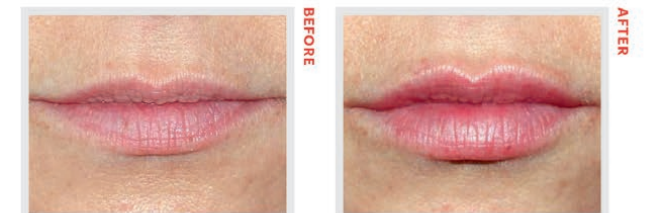

To give this 24-year-old patient better lip fullness, shape and symmetry, Chevy Chase, MD facial plastic surgeon Shervin Naderi, MD performed three injection sessions using Juvéderm Ultra.

For a subtle increase in lip size, Rochester, NY dermatologist Lesley C. Loss, MD used Juvéderm Volbella on both the upper and lower lips of this 28-year-old patient.

Scottsdale, AZ facial plastic surgeon Kelly Bomer, MD used Xeomin, off-label, below her lips, and Juvéderm Ultra in her lips to improve her baseline asymmetry and restore fullness.

Greenwich, CT dermatologist Mitchell J. Ross, MD gave this 40-year-old patient's lips a subtle, natural-looking volume boost by using Juvéderm Volbella in both her upper and lower lips.

This 25-year-old patient sought New York dermatologist Marina Peredo, MD for a lip enhancement. Dr. Peredo used two syringes of Restylane Silk to give her fuller, smoother-looking lips.
