

## THE INEVITABLE MARCH OF TIME

Aging of your skin is inevitable, and as time passes, skin becomes loose, lines around the eyes become crow's feet, wrinkles deepen and become creases, jawlines become jowls and neck contours become deep bands and lines. Heredity, personal habits, the pull of gravity, and sun exposure all contribute to the aging of the face.

Embrace a transformation like never before with UltraClear® Laser-Coring™, a revolutionary solution reshaping the face of aging. Tailored for maturing women and men regardless of your skin type and lifestyle.

## WHAT IS LASER-CORING?

Laser-Coring™ delivers the ultimate solution for patients seeking to reverse the signs of aging without having to go under the knife. Full face and neck treatments can be performed without any risk of causing damage. With the remarkable ratio of efficacy to downtime, you can enjoy exceptional results with minimal interruption to your daily life.

## START TREATING THESE TODAY:

- Sun Damage
- Fine Lines & Wrinkles
- Scars & Acne Scars
- Removal of Excess Skin
- Deep Collagen Remodeling<sup>1</sup>

<sup>1</sup>Through a presumed mechanism of action of collagen remodeling

“

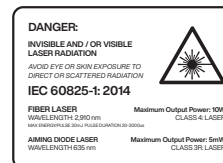

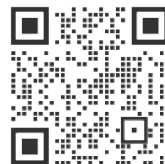

Eight weeks after my Laser-Coring™ treatment, I am absolutely thrilled with the results! My skin has transformed remarkably—it's tighter, smoother, and the wrinkles that once made me self-conscious have visibly diminished. I feel rejuvenated and more confident in my skin than ever before. What amazed me the most was the quick recovery time—just five days post-treatment, I was able to apply makeup and resume my daily activities without any hassle.”

 Laser-Coring™

The Ultimate Innovation  
For Total Skin Rejuvenation

## HOW IT WORKS

UltraClear® Laser-Coring™ delivers quick laser pulses to remove micro-channels of skin. Featuring novel precise energy control, many patients experience shorter healing time and noticeable improvement after a single treatment.

Over the course of several weeks and months, you will continue to experience the benefits of Laser-Coring™. Best of all, Laser-Coring™ is easily incorporated with your UltraClear® Resurfacing Treatments to address multiple signs of aging and enhance your rejuvenation outcomes.

**No Surgery, No Sedation, No Needles**

Ask your provider today if UltraClear® Laser-Coring™ is right for you.

## FREQUENTLY ASKED QUESTIONS

### WHAT CAN I EXPECT ON TREATMENT DAY?

On the day of treatment, photographs will be taken and a thin coat of topical numbing cream is applied to the treatment area. Typical UltraClear® Laser-Coring™ treatments are fast, 30-45 minutes. You may experience slight discomfort during the laser pulse delivery. Following treatment, you may experience a sunburn sensation, mild pinpoint bleeding, mild swelling, and tenderness.

### HOW MUCH DOWNTIME CAN I EXPECT?

Downtime depends on every patient's skin condition and the intensity of the treatment. Consult your provider for approximate amount of downtime or healing time for your treatment.

### HOW MANY TREATMENTS DO I NEED?

Patients have seen noticeable improvement after a single treatment with UltraClear® Laser-Coring™. Some have opted for additional treatments depending on their treatment goals. Results are long-lasting.
